CAREER FOCUS: Software Engineering

SUMMARY

A talented upcoming software engineer, with a strong academic background and some retail experience. Ability to think through a problem coupled with the confidence to make ideas heard. A proven ability to maintain and enhance company software with the aim of improving operational functionality in line with business requirement. I'm currently looking for a software developer opportunity that will allow me to work alongside an expert team of developers. Thereby helping to drive my career progression to more senior roles in the future.
